Authorization for Release of Protected Health Information (PHI) <u>by</u> MIT Medical

Important information about releasing patient medical records

MIT Medical recognizes the patient's right to confidentiality of protected health information as set forth in federal and Massachusetts state law. You should be aware of these guidelines when requesting medical records.

State and federal laws recognize the need for written authorization.

All releases based on this form are limited to records dated up to and including the date of the patient's signature. A new authorization is necessary for release of information on care provided after the date of the patient's signature, unless you (the patient or personal representative) specify release of future records of a specific test, specific clinic appointment, etc.

If the patient is 18 years or <u>older</u>, the patient *must* sign the release unless:

1. the patient is incompetent,
2. the patient is disabled and cannot sign the form,
   or
3. the patient is deceased. (The surviving spouse or legal representative with legal proof must sign the authorization for release of the deceased patient's records.)

If the patient is 18 years or <u>younger</u>, the patient *must* sign the release if:

1. the patient is an MIT student, regardless of age
2. the patient is 14 years or older **and** the records involve treatment for mental illness, alcohol or drug abuse/treatment, domestic/sexual assault, or AIDS testing
   or
3. the patient's records for release include an abortion procedure.

Please read before completing the form below:

a. This form must be completed in its entirety and signed by the patient or personal representative to be a valid authorization. Incorrect or incomplete forms will not be processed. **Anyone other than the patient who signs this authorization for release of records must state his or her relationship to the patient and provide proof of legal authority to release the records.**
b. The MIT Medical Records Service does not fax records.
c. There is no fee for records released directly to other health care providers. However, if you wish to have your information disclosed to you directly, you will be charged a fee of $0.65 per page for the first 100 pages and $0.35 per page for each page thereafter. Payment may be made with personal check, money order, Visa or MasterCard. Patients may view their medical record on screen at no charge by making an appointment with the Medical Records Service (617-253-4906).
d. When copies of the medical record are requested for parties other than the patient or another health care provider (e.g., legal or insurance firms), the recipient will be charged a base fee of $20 in addition to the charges detailed in paragraph (c) above.
e. If you wish to complete this form in person at MIT Medical, make sure to bring two forms of ID. One must be a government ID (driver's license, state ID, or passport). If you have any questions or need more information, please call the Medical Records Correspondence Service at 617-253-4906.
f. To obtain a copy of test results, procedures and/or notes that were done at another health care organization, please contact that facility directly.

Completing all sections of this form will facilitate timely release of your information.

1. <u>PATIENT INFORMATION</u>

Patient last name _________________________________ First name ________________________ MI _____ Date of birth ______________

Patient former name (if any) ____ MIT ID _____________________________________

Patient address ____ Patient e-mail ______________________________
Street City State Zip
